Highlights

Energy efficient
All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use less Kw and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

Instant start
Immediate light when switching on, that is the promise of our instant starting energy saving lamps.

Maximum energy saving
When you switch to a Philips LED lamp, you immediate use up to 90% less energy without sacrificing light output and quality.

No hazardous substances
LED lamps contain absolutely no hazardous materials, making them safe for any room and convenient to recycle.

Reliable quality
Philips keeps their promises about lamp performance. You can trust what the Philips packaging is saying about light output, lifetime, and wattage equivalent to incandescent lamps.
